ADITYA SCOTT

GRADUATE ARTIFICIAL INTELLIGENCE ENGINEER

Harnessing a passion for AI, developed a machine learning model that improved data processing speed by 30% and reduced errors by 25%. Proficient in Python, TensorFlow, and data visualization tools. Eager to leverage advanced analytical skills and innovative approaches to drive impactful AI solutions in future projects.

EXPERIENCE

AI Engineer Intern June 2022 - June 2023
Tech Innovations Inc.

- Engineered a predictive model that achieved a 30% increase in processing speed for large datasets.
- Collaborated with cross-functional teams to integrate AI solutions, enhancing user experience ratings by 20%.
- Implemented data cleaning techniques, reducing error rates by 25% in machine learning applications.
- Conducted data analysis to inform decision-making, leading to a 15% reduction in project timelines.

Data Analyst Intern January 2022 - May 2022
Data Solutions Ltd.

- Developed data visualization dashboards that improved project tracking efficiency by 40%.
- Assisted in deployment of machine learning algorithms, contributing to a 10% increase in predictive accuracy.
- Performed statistical analyses to support data-driven strategies, resulting in a 20% improvement in client engagement metrics.

EDUCATION

Bachelor of Science in Computer Science August 2018 - May 2022
University of Technology

Graduated with honors, focusing on Artificial Intelligence and Machine Learning.

CERTIFICATIONS

Machine Learning Specialization January 2023 - March 2023
Coursera

Completed a comprehensive program covering supervised and unsupervised learning techniques.

Deep Learning Specialization April 2023 - June 2023
Coursera

Acquired expertise in neural networks and deep learning architectures.
